

## Minnesota Obesity Prevention Training (MnOPT) Program

UNIVERSITY OF MINNESOTA  
Driven to Discover<sup>SM</sup>

*The Minnesota Obesity Prevention Training (MnOPT) Program is recruiting for one predoctoral fellow and one postdoctoral fellow that will begin on or after April 1, 2023. Trainee will engage in research that focuses on the biology of obesity, clinical research on human obesity, and/or applied studies of treatment and prevention in community settings. Central to the MnOPT mission is having a strong mentoring environment for trainees organized around two training tracks: 1) epidemiology/ behavioral research and 2) basic sciences/ clinical studies.*

*The deadline for applications is 4pm on Monday, February 6, 2023. For details and application: <https://www.sph.umn.edu/academics/divisions/epich/fellowships-training/mnopt/>.*
